

## Boutcher Primary School Sports Premium 2020-21

### **Background**

The Sports Premium is designed to help primary schools improve the quality of the PE and sport activities they offer their pupils. This funding is being jointly provided by the departments for education, health and culture, media and sport, and will see money going directly to schools to be spent on improving the quality of sport and PE for all their children. All state-maintained schools, academies, middle schools, special schools and pupil referral units which have primary aged pupils will receive the funding.

This funding is ring-fenced and therefore can only be spent on provision for PE and sport in schools. Boutcher Primary School will be held accountable for how the additional funding will be used to support pupils' progress and participation in PE and school sport. The school is required to publish on-line information about how we have used the additional funding, including details about our sporting provision alongside curriculum details. This will ensure that parents/ carers and others are made fully aware of the PE and sporting provision at Boutcher Primary School.

It is expected that you will see an improvement against the following 5 key indicators:

The engagement of all pupils in regular physical activity promoting a healthy active lifestyle for positive physical and mental health.

The profile of PE and sport being raised across the school as a tool for whole school improvement.

Increased confidence, knowledge and skills of all staff teaching PE and sport.

Broader experience of a range of sports and activities offered to all pupils.

Increased participation in competitive sport.

Our School Priorities are:

Improve the physical and mental health of pupils with the help of regular PE lessons.

Increase participation in competitive sports events.

Improve teacher's expertise in the teaching of PE.

Increase the number of children leaving Boutcher Primary School as competent swimmers.

### **Allocation:**

Boutcher will receive the 1st payment for the academic year 2020/21 which will be £10,372.

The total being received in **this Financial Year is** therefore, £17,776. But the allocated Sports Premium for **the academic years** is as follows:

2019-20 £10,366 + £7404 = £17,770 based on 177 pupils.

2020-21 £10,372 + £7,408 = £17,780 based on 178 pupils.

The payments are made up from £16,000 per primary school, plus £10 for each pupil.

### **How will the spending be spent?**

At Boutcher Primary School, we believe that we must spend our funding to improve the quality of the PE and sport activities we offer our pupils to a consistent, reliable and high standard. Our school has spread out the funding to target as many areas as possible. We have split up the funding by the three key areas; physical education, healthy active lifestyles and competitive sport.

Harry Regan, a PE Specialist, will be employed to teach an additional PE lesson increasing the children's physical activity and in turn improving physical and mental health. This will also help to offer a broader range of sports and activities for the children. In addition, to supplement this Millwall Football Club and another provider (to be sourced) will offer two after school clubs per week to further promote physical activity and a broader range of sports/activities on offer.

We will be offering offsite swimming lessons in order to ensure more able swimmers participate in swimming activities in an environment that will stretch and challenge their swimming ability as well as providing teaching for those who are not confident swimmers.

The London PE and School Sport Network (LPESSN) is part of Bacon's College and their mission is to inspire a generation to choose physical education and sport for life through developing, delivering and leading high quality projects and programmes across the Borough. The School Games programme in addition provides a wide range of additional competitions and leagues. This comprehensive competition calendar is designed to encourage schools to actively participate in a wide range of inclusive events. Membership of the LPESSN will offer the children a chance to take part in competitive sport and CPD opportunities for teachers.

To ensure that Boutcher pupils get the best possible enjoyment and learning from P.E lessons equipment will be purchased as and when necessary.

See table below for estimated costs and their allocation.

Area	Action	Total Estimated Cost
The engagement of all pupils in regular physical activity promoting a healthy, active lifestyle for positive physical and mental health.	Additional weekly PE lesson taught by a PE Specialist alongside teachers teaching one PE lesson per week offering a varied PE curriculum relating this to Zones of Regulation and PSHE Healthy Eating Units. Millwall Football Club and other providers to offer afterschool clubs teaching a wide and varied range of activities and sports especially less popular sports.	PE Specialist Teacher Harry Regan = £7680 Millwall Football Club and other providers for after school clubs = £3000
Improve the physical and mental health of pupils with the help of regular PE lessons.	Regulation and PSHE Healthy Eating Units. Millwall Football Club and other providers to offer afterschool clubs teaching a wide and varied range of activities and sports especially less popular sports.	L P E S S N      A n n u a l Membership = £3600
Broader experience of a range of sports and activities offered to all pupils.	Linking PE with other subjects, sport and PE linked to national or local events and involving children in sporting events and competitions.	School Sports Day venue hire and additional resources = £500

Increase participation in competitive events.	Hire of swimming venue and use of qualified swimming teacher	
Increase the number of children leaving Boutcher Primary School as competent swimmers		

## **Impact**

We will evaluate the impact of the sports premium funding as part of our self-evaluation and provision mapping arrangements. We will look at the progress of PE via the end of year reports by teachers and other providers (Harry Regan, Millwall FC etc.) and assess the improvements of each individual pupil in all aspects of physical education and participation. In doing so, we anticipate that at the end of each academic calendar year we will have strong data to show the impact of this sports premium funding on pupil progress and involvement in sport and physical activity. We will look to see how well we used our PE premium to improve the quality and breadth of PE and sporting provision. This includes the support and guidance in increasing participation outside of school to help all pupils develop healthy lifestyles. Hopefully we can show that the Sport Premium has had a positive effect on the physical and mental health of all pupils.
